"Creating a more healed and less hurt world."

ALEXIS ALBRO

ALEXIS ALBRO.

I am the founder and CEO of Survivor Rising LLC, a survivor-centered business that provides trauma-informed consulting, training, and advocacy services.

I am currently looking to connect with companies looking for an upcoming event speaker and/or consultant for their DEI and operations, that value thinking outside of the box and value a trauma-informed workplace.

I have over 8 years of experience in operations and over 2 years of experience focused on trauma-informed spaces. I've coached and worked with conferences, non-profits, entrepreneurs, law firms, government agencies, manufacturing companies, individuals, law enforcement, victims' services, and more. I utilize my original framework on the Cycle of Re-traumatization, to help others understand and then build their own sustainable, human-informed spaces.

Prior to Survivor Rising, I worked for a corporate manufacturing company in supply chain and operations management. It was there that I began speaking on Trauma-Informed Workplaces and recognizing the widespread need for these trauma-informed spaces.

TRAUMA-INFORMED CONSULTING
